DAKIN'S  
PURE VOLATILE  
EUCALYPTUS OIL,  
DISTILLED FROM  
THE LEAVES OF SELECTED  
SPECIES OF THE EUCALYPTUS.

EUCALYPTUS OIL has long taken a foremost place as a "household remedy" in Australia. When applied externally, it has a powerful stimulating and soothing action, but does not blister the most sensitive skin, and no application known will so quickly subdue the pain of muscular rheumatism.

Taken internally in small doses, it acts as a powerful stimulant and antispasmodic, whilst its secondary action induces sleep.

The penetrating agreeable vapor of the Oil is sedative, and when inhaled relieves Asthma, Bronchitis, Cataract and Sore Throat.

It is also a most powerful antiseptic and germicide, being three times as effectual as Carbolic Acid. In preventing development of Bacteria, its uses in this direction being very numerous.

The active properties of the Oil depend upon a Terpene called Eucalyptol, and we guarantee this Oil, prepared especially for us, to contain the largest obtainable percentage of Eucalyptol and twice that of the ordinary Eucalyptus Oil of commerce.

It can be used with great benefit in all Throat and Lung Affections, and its sedative stimulating properties make it an invaluable application in Neuralgia, Rheumatism, &c., whilst its powerful antiseptic and germicide action is well exhibited as a dressing in Wounds, Ulcers, Burns, Scalds, Sores, Ringworm, &c.

Dakin's specially refined Oil is sold in 2 oz. and 4 oz. bottles at 1s. 5d. and 2s. 0d.

Full Directions for use enclosed with each bottle.

CAUTION.

Inferior samples of Eucalyptus Oil distilled from any kind of Eucalyptus leaf have little or no medical action and should be carefully avoided.

NOW READY.

Local and General.

H.M.S. *Fury* leaves here to-morrow for a cruise, making a call at Hethow.

No church is ready for a revival so long as the members are afraid of sitting too close together.

THE lowest sound the ordinary ear can detect has been made by 999 vibrations, while the highest tone will consist of 2,238,000 vibrations.

We are informed by the Agent of the Messageries Maritimes that the Company's steamer *Island*, with the next French mail, left Saigon yesterday at 2 p.m., for this port.

A CERTAIN young blood of the town feeling lonely yesterday started off for a cruise round the Island all alone in a launch large enough to be safely navigated to the Arctic regions. All went well until this modern filibuster neared the placid waters of the Ly-ee-moon Pass when he was spotted by "Brownies" who was diligently engaged in the (to him) intellectual occupation of hunting for periwinkles. "Brownie" at once "united" danger. "What ho!" he cried, "a spy now! The time to gain my long desired C. M. G. ship, and who knows but even the Bellied Devil!" So casting aside his lately cherished fears he rushed off to raise the alarm and get the *Victor Emmanuel* under weigh. Brave hearts and willing hands soon attained this end and the marrow-freeing chase began. "Brownie" too terrified to climb, was run along by the aid of a donkey engine and told to "look out!" The old ship shot through the sparkling waters, sailing as does the war-horse the smell of battle and was soon alongside the lonely mariner. He was "called to," and having had a sufficient of the delights of *mal-de-me* readily obeyed and begged for a tow-rope which was granted him, and homeward sailed the gallant *Victor*, with her "prise" in tow. An examination under torture was carried through, which resulted in the prisoner proving his innocence beyond doubt. "Brownie" was handed down and roundly rope-ended for giving a groundless alarm and was then thrown overboard so it is to be hoped Hongkong has at last heard his final "murrur." The *Victor* put into "Bay View" and after taking stores in returned to her usual anchorage where a pleasant afternoon was spent.

A REVEREND gentleman having got into difficulties with his congregation, found it necessary to hand in his resignation. On the eve of his departure he preached a farewell sermon, and sought to improve the occasion by firing a parting shot. "You ungrateful and godless people," he began, severely, "it is clear that God does not love you, as I have heard none of you since I have been here; and it is certain you don't love one another, for I haven't married any of you. It is equally plain that you do not love me, for you have not paid me my last quarter's salary. However, I shall henceforth be independent of you all. I have obtained a position as chaplain of a gaol." And then he coolly gave out the text—"I go to prepare a place for you."

NOTICES TO CORRESPONDENTS.

It is requested that all communications relating to Subscriptions, Advertisements, &c., be addressed to the "Manager, Hongkong Telegraph," and not to the Editor.

THE HONGKONG TELEGRAPH.

HONGKONG, MONDAY, OCTOBER 19, 1891.

TELEGRAMS.

RUSSIA.

LONDON, October 16th. Active parleying is taking place in London regarding Russia's approach to Pami.

It is expected that both England and China will object to Russia's advance.

(From *Straits Times*.)

THE LATE MR. PARNELL.

LONDON, October 9th.

Mrs. Charles Stewart Parnell (late Mrs. O'Shea) has yielded to the desire of the Irish Party for a public funeral to be given to her deceased husband, whose remains will be conveyed to Dublin, arriving there on Sunday; it is proposed that the body should lie in state at the Central Hall. The doctors have announced that the cause of death was syncope, following rheumatic fever.

IRISH AFFAIRS.

It is stated that a committee of five members will henceforth manage Irish affairs, both in Parliament and elsewhere.

RAUB.

(*Telegraph from Raub dated 9th October.*) Total amount of amalgam at date is 2,600 ounces.

The estimated quantity of stone crushed for above is 650 tons.

Still crushing.

Prospects remain unchanged.

The first completed crushing gave 867 ounces of gold for 350 tons of stone.

The second completed crushing gave 757 ounces of gold for 400 tons of stone.

The third completed crushing gave 915 ounces of gold for 1,350 tons of stone.

In that third crushing, the yield of 915 ounces of gold was produced from 2,714 ounces of amalgam. It was considered at that time that the percentage of gold in the amalgam was not so great as might sometimes be the case, and was not so great as had been the case in previous crushings.

On these lines the 2,600 ounces of amalgam, now available, would presumably give something like 600 ounces of gold.

PUNJOM.

Messrs. Becher, Louis & Co., as managers of the Punjom Pahang Gold Co., Ltd., have received a telegram notifying that the September crushing at the mines of 337 tons of quartz had yielded, on a par with clean-up, 97 ounces of gold. There is, probably, a little more to come yet on a total clean-up, and, besides this bullion, there are some concentrates weighing about 15 tons, and said to assay 5 ounces of gold to the ton for future treatment. The managers hope that this output will be regularly maintained as the mill is now crushing steadily.

This is additional to the bar of gold of which intimation was made the other day.

A WEEKLY periodical entitled *Islam* has just been started in Calcutta to be entirely devoted to Mahomedan interests. The first issue contains an article which gives a sketch of the rise of Islamism in England by the founder, William Henry Quilliam, President of the Liverpool Moslem Institute, who himself became a convert while staying in Morocco, in 1884. This step was the result of his observation of the apparent sincerity of its followers and the freedom of Moslem cities from the degrading vices so prevalent in large centres of population in Great Britain, and of a study of the Koran and of every work on the subject *pro et con*. The band of converts in England now numbers fifty, and one of the agents of the Institute in India is Captain Hugh Fraser, the Author of *Islam*.

DURING Mr. Irving's stay at Malvern, he visited a booth where a fine old crusted show was in progress. The latest year is that the next day he was accosted in the street by one of the leading players in the company, who said:—"Beg pardon, but I saw you in front at our show last night, Mr. Irving, and I was exceedingly sorry. I have been suffering from bronchitis lately, and only the night before you saw me I was obliged to get a doctor's certificate to the effect that I was not able to act at all." "Was a certificate necessary?" I dryly asked. Our Only Actor. But the munster man never saw it.

We regret very much to learn that Miss Vera Patey is so seriously indisposed as to be unable to appear on the stage to-night; consequently the long looked for "Balloon" will not be on view. Early notice will be given of the next performance.
